Chicago, Although Climbing
Mountains.

Chicago, Nov. 4—The Pennsylvania special train of the Pennsylvania Ralirond today made one of the most remarkable runs on record in the history of Eastern railroads.

Leaving Harrisburg, Pa., two hours late, the train drew into the Union Station in Chicago on time, having completed the run of 717 miles in 761 minutes. In view of the fact that the train had to climb ill miles of the mountains between Altoena and Pittsburg, the run is regarded by operating men as the best ever made by a regular train for a like distance.

"MUSEUM DAYS" FOR CHILDREN PROPOSED, WITH PENNY DONATIONS

Benjamin Altheimer, Fresh From the Art Galleries and Public Museums of the Old World, Makes Suggestion to Apply to New St. Louis Institution Which Will Throw Open Its Doors To-Day-Hopes for Consolidation of Curio Collections.

A plan to inaugurate one or more "Museum days" among St. Louis public school children, which has been considered in connection with the opening of the St. Louis Public Museum to-day in Porest Park, may be adopted, and such days shall become regular features in local school life. He adds a new feature to the idea, however, in the suggestion that the children ice asked to brins a penny each toward the sustenance of the museum, on the occasion of their regular policylined and generous citizens should rally to its support.

It is contended that the play is productive of race prejudice. The resolutions request that the play be not patronized, as it is not in sympathy with the feeling of the national Government shown in the recent return of Confederate flags, nor in keeping with the united efforts for a non-partisan history.
